

*If you could forget
Who you think you are
You might catch up with
What you really are
And can't see.*

What I Love in The Analytical Practice

It all started with a painting that grabbed me and forced me to seek for its message. What continues to move me deeply and attaches me to analytical psychology is to be able to share the message of an image, a fantasy, or a situation in a dream or a fairy tale.

In these casual talks each semester, ISAP analysts offer glimpses into their personal approaches to Jungian analysis.
